AFSC ISSUE BRIEF: THE "ONE BIG BEAUTIFUL BILL ACT"

American Friends Service Committee

Millions are losing SNAP and Medicaid. Here's what you can do.

What is the One Big Beautiful Bill Act (OBBBA)?

It's a large budget law that Republicans in Congress passed and that President Trump signed in 2025. Most of its benefits go to the wealthy. It takes more money from low-income families and gives more to the rich than any other law passed in the last 40 years.

What does the law do?

It slashes funding for healthcare, food assistance, and clean energy. That money goes to tax cuts for the rich, more Pentagon spending, and more ICE detention and deportation. Many of these cuts take effect over the next few years, so the worst is yet to come.

How will OBBBA hurt people in the U.S.?

16 MILLION PEOPLE WILL LOSE HEALTH INSURANCE.

Researchers estimate 51,000 preventable deaths each year.

5.5 MILLION HAVE ALREADY LOST SNAP FOOD BENEFITS,

making it harder to feed their families.

THE POOREST 10% OF AMERICANS WILL LOSE $1,200 A YEAR.

The richest 10% will gain $13,600.

72 MILLION CARS' WORTH OF POLLUTION WILL BE ADDED TO OUR ENVIRONMENT, with cuts to clean energy.

What can I do?

Most Americans do not support this law. Congress needs to hear from us.

✓ **CONTACT YOUR MEMBER OF CONGRESS.**

Tell them to repeal OBBBA, starting with its cuts to Medicaid and SNAP.
